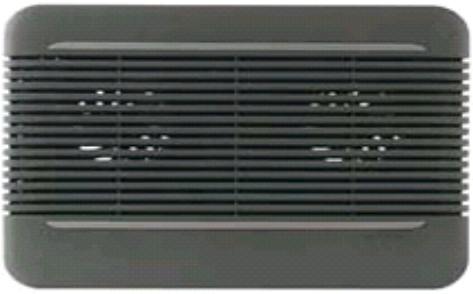
Product Specification Sheet

Targus Chill Hub XC

Part #: AWE20EU



Product Description:

The Targus Chill Mat XC for Laptops is designed to keep your laptop cool and protect your workspace from heat damage while providing 4 additional USB ports for connecting to essential peripherals. The dual USB powered fans provide unsurpassed cooling and help prevent the laptop from overheating for maximum productivity. It also acts as a heat barrier and provides a stable work surface when using your laptop on your lap. The Chill Mat XC features a three level height adjustment designed to provide the user with the optimum comfort and ergonomic tilt. The device plugs directly into the USB port so no additional power is required.

Product Features and Specifications:

- Performance – Variable speed dual fans provide unsurpassed cooling and prevent overheating
- Connectivity - Integrated 4 port USB 2.0 hub allows you to connect to your essential USB accessories
- Ergonomics – Three level height adjustment allows the user to select the most comfortable and ergonomic setting
- Functional – Protects your work surface from heat generated by laptops
- USB Powered – Powered through the USB port; no AC adapter required
- Compatibility – Supports laptops up to 17”
